A NOTE ON PRICING

This is what you must know about pricing. Others may not be so clear or even deceive you!

This price has been computed with tariffs and exchange rates in effect as of the date of preparation and is subject to revision per the terms of the Tour Conditions. The STI promise to you is if your team's deposits and properly-completed STI Tours Inc. Conditions forms (for each participating member) are received by the due date, the quoted STI price will be *guaranteed in US dollars per STI policies. The following limitations apply.*

The airline negotiated base fare is guaranteed. Taxes and any airline-related fees such as fuel surcharges are not. Airline taxes and other fees such as fuel surcharges will be additional to the base fare and are listed above as current as of the date of this document. They are subject to change at the time of ticketing. Basic airline taxes on trans-Atlantic routes range from about 90.00 to \$140.00 based upon the number of flights and the city pairs. The Fuel Surcharge is due to the price of oil. Fuel Surcharges *can be added by the airline at any time until ticketing!* Consequently, the total airline taxes and fuel surcharge could be as low as about \$125.00 over \$250.00 or even higher in some cases. There is no way to know until the tickets are issued.

Airline taxes and Fuel Surcharges will be added to the Final Invoice but once the airline tickets are issued if there is a difference between the calculated amount at the time of the Final Invoice and the actual amount on the date of issue, a Supplemental Invoice will be issued. Additionally, the re-calculation of airline ticket taxes due to international exchange rates (since all foreign taxes are subject to this even if the actual tax amount in the foreign currency doesn't change), might result in an additional cost after Final Payment since STI has no control over this. *The total amount of any changes will be reflected in a Supplemental Invoice for all travelers.*

The price of the land program is guaranteed with no limitations for all tours except if the United Kingdom is involved. If the tour involves the United Kingdom, as long as the exchange rate maintains a level at or below 1.9 dollars for each English pound, the rate will be guaranteed. If this rate is exceeded by the currency markets, there will be an additional charge for the difference on the Final Invoice. If the number in the group falls below the minimum number upon which the group price was computed (as listed in the Conditions) there will be an adjustment. Please

note that if this tour involves a homestay, there might be some additional charges by the host club when the program is finalized. We cannot guarantee something we don't know about or have not included at the time of preparation. STI reserves the right to re-compute the tour costing in the event that the deposits and the Conditions forms have not been received by the due date which **may** result in a different price.
